

What is Lipcoin?

Lipcoin (LIPC)

Lipcoin, it is an experimental new digital currency that enables instant payments to anyone, anywhere in the world.

Lipcoin uses peer-to-peer technology to operate with no central authority: managing transactions and issuing money are carried out collectively by the network.

Lipcoin is also the name of the open source software which enables the use of this currency.

LIPCOIN vision & Mission :-

To provide best understandable crypto currency to people like you, me, or anyone who are not a geek exactly, this is our focus, give the people what they deserve, freedom, no hidden fees, almost real time transactions, we improved the source code to make the transactions even faster than litecoin.
